

To Whom It May Concern:

This letter is to serve as my formal recommendation for Maciej Lipinski. Maciej has worked in my group for 6 months within the Leonardo Program. During his time here, Maciej has demonstrated a strong work dedication. He learns fast and he assumes responsibilities. His efforts have produced quality results.

He has been assigned a task in a highly specialized field. He has learn the tools, acquired the background, adapted to the methodology and produced results in a short period of time. After six months he was already a reference for some of his co-workers.

I highly recommend Maciej for employment. He is a team player and would make a great asset to any organization.

Sincerely,

David Fernández Carreiras  
Head of the Controls Software Section
